EDITION 34 DECEMBER 2019

The graphic features a dark blue background with a golden, sparkling Christmas tree on the left side. The text "2019 Season's Greetings" is written in large, bold, yellow letters at the top. Below it, a white text block reads: "As the holiday season is upon us, we find ourselves reflecting on the past year and on those who have helped to shape our business. We value our relationship and look forward to working with you in the year to come. We wish you a Happy Holiday Season and the very best for the New Year." The TriMark logo is positioned at the bottom right of the graphic. At the very bottom, there is a row of product images including a silver handle, a black handle, a silver hinge, a black electronic lock, a black remote, a black electronic lock with four buttons, and a black lock plate. Below the product images, the text reads: "TriMark Corporation ~ [www.trimarkcorp.com](http://www.trimarkcorp.com) TriMark Europe ~ [www.trimarkeu.com](http://www.trimarkeu.com) TriMark Xuzhou ~ [www.trimarkcn.com](http://www.trimarkcn.com)".

Season's Greetings to all our TriMark customers and friends. As the Holiday graphic says, it is that time of year when we tend to reflect on the past year as well as take our first steps towards the new year!

2019 marks the 10th year of the US economic expansion and sales to the rest of the world have also been strong. However, uncertainties remain, tariffs continue to be a factor and it is unsure if we are going to get some tariff relief in 2020. The other wild card is Brexit, if there is a no-deal Brexit, currencies will be impacted as well as the potential for supply chain disruption.

The fact that TriMark manufactures products in the US, Europe and China, puts us in a good

position to supply and source components and finished goods at the location where it best serves our customers.

We continue to be optimistic about our business and the markets we serve and look forward to the opportunities that 2020 will present. Wishing you and your Company all the best as we enter 2020. We look forward to working together throughout the upcoming year - **thanks again for your business.**

## TriMark demonstrates Access Hardware at Agritechnica

Agritechnica has once again impressively demonstrated its outstanding position as the world's leading trade fair for agricultural technologies. With 2,820 exhibitors and 450,000 visitors from 152 countries, the show focused on the current challenges of agriculture; increasing productivity and protection of the climate, environment and resources worldwide. Exhibitors included 2,820 companies from 53 countries, including the world's leading manufacturers, they showed a complete range of tractors, machines, implements, advanced technology and accessories.

TriMark continues to expand product and platform offerings for the world-wide agricultural equipment market. Our customers are demanding innovation and, based on TriMark's continued growth in this market, we are delivering access solutions for the real world.

We invite you to check out our website at [www.trimarkcorp.com](http://www.trimarkcorp.com) to see why TriMark is the leading global door solution provider offering Global **Reach**, Global **Support** and Global **Supply** of access door systems.

If you didn't get a chance to stop by our booth or attend the show...here's a little of what you missed:

## e-ASK Keyless Entry Systems

TriMark's e-ASK keyless entry systems adds further functionality, convenience, productivity and security to your access door systems.
