### **Mercury Free Statement**

Dear Valued TriMark Customer:

TriMark Corporation hereby declares and certifies, that to the best of our knowledge, all Products and Components manufactured and sold are not produced, do not contain, come into contact with, and are not contaminated with mercury or any mercury compounds.

Mercury is a naturally occurring element that is found in materials and chemicals at trace levels. For this reason, TriMark defines "mercury-free" as not having mercury at greater than detection limits of 0.001 wgt. % for solids, and 0.001 mg/l for liquids.

TriMark does not subject its Products and Components to analytical testing. TriMark makes these statements based on its own knowledge and on information supplied by third parties that TriMark believes to be true.

If you have specific questions regarding the content of this statement, please do not hesitate to contact your TriMark representative or call us direct at 800-447-0343.

Sincerely,

A handwritten signature in black ink, appearing to read "Lynn Hopp".

Lynn Hopp  
Vice President of International Operations & Resources
