TriMark Europe Ltd Extends Scholz Agreement in Germany to Cover Full Range of Products

Bardon Hill, Coalville, United Kingdom – TriMark Europe Ltd has announced that they have extended the current agreement with Ingenieurburo Fur Fahrzeugau, Ing.-Büro R. SCHOLZ VDI. This agreement will allow Scholz to offer the full range of TriMark products, services and systems to the agricultural, construction equipment, recreational vehicle, special vehicles and enclosure markets in their territory.

Since 1975, Scholz has successfully represented West Alloy as their Agent in Germany, Austria, Switzerland, Czech Republic, Poland and Hungary. "Following the acquisition of West Alloy by TriMark in September of 2007 we saw that it would provide a wonderful opportunity for us to better serve our customers with a much wider range of door systems and components," states Keith Dolbear, Managing Director of TriMark Europe and West Alloy.

Ingenieurburo Fur Fahrzeugau, Ing.-Büro R. SCHOLZ VDI is based in Everswinkel, Germany. Founded by Roland Scholz in 1970, the business has shown strong growth, and his son Hartmut joined the business in 1997. Roland Scholz comments, "We've always enjoyed our positive relationship with West Alloy and we are looking forward to being able to serve all of our accounts more comprehensively with the resources available from both West Alloy and TriMark."

West Alloy is a market leader in the design and manufacture of zinc die cast and thermoplastic products including locks, hinges, window stays and associated fittings for the world's best-known industrial, commercial and leisure vehicles. More information about West Alloy may be found at www.westalloy.com.
