

Press Release
1 October 2007

TriMark acquires West Alloy

We are pleased to announce that on September 20, 2007 TriMark Europe Ltd, a subsidiary of TriMark Corporation, have acquired West Alloy Ltd. Located in the UK. West Alloy is a market leader in the design and manufacture of locks, hinges, window stays and associated fittings for the world's best-known industrial and leisure vehicles.

Keith Dolbear, Managing Director of TriMark Europe, said "that it is 'business as usual' at West Alloy and will remain a separate entity and continue to manufacture products in the UK. West Alloy has built a sound reputation for on-time delivery of quality products and TriMark will ensure that this progress continues. The merger will allow current West Alloy customers access to the wider variety of products and systems from the TriMark range".

TriMark Corporation is an employee-owned company and is a recognized leader in the design and manufacture of quality hardware products for the recreational vehicle, agricultural, truck, construction, and enclosure markets. The TriMark Corporate headquarters is located in New Hampton, Iowa, USA.

TriMark serves the European market through its subsidiary, TriMark Europe Ltd, based at Bardon Hill, near Coalville, Leicester. Keith Dolbear added "To date, this has been an engineering, sales and distribution function so we are pleased to add manufacturing capacity to our business growth strategy.
