

New Suite of Access Hardware

TriMark introduces New Suite of Access Hardware with complimentary look and feel: **TouchOne**

TriMark Corporation

These multi-family access products utilize shared styling cues to infuse your cab and enclosures with a contemporary look and feel. The aesthetic design elements have been specifically developed to provide customers with a very comfortable and tactile feel for the main door and window touch points. Product selections include a Push Button or Pull Handle, Interior Squeeze Release and a choice of either a Rotating Rear Window Handle and an Over-Center Window Stay.

040-7400 Push Button Handle

This new Push Button Handle is specifically designed for off-highway vehicle applications that require a surface mounted exterior push button handle. It offers robust construction, ergonomic function and modern styling that compliments your vehicle.

020-0825 Surface Mounted Pull Handle

This new Surface Mounted Pull Handle is a redesign of our popular 020-0800 Pull Handle and is designed for medium to heavy-duty agricultural and construction personnel doors. Offering a clean, modernized style, it features more robust mounting and KeyOne Plus locking.

020-7910 Remote Squeeze Release

This new Remote Squeeze Release was specifically designed for off-highway vehicle applications including agricultural and construction equipment that require a remote inside release. The robust construction is incorporated into either 25 or 32mm round tubing for support for the opening and closing functions of the door and provides for greater ease of operation.

We invite you to check us out and see why TriMark is the leading global door solution provider offering **Global Reach**, **Global Support** and **Global Supply** of access door systems with products that are **Designed** for you, **Built** for you and **Secured** for you.

TriMark

TriMark Corporation

Designing and implementing a full door system solution requires consideration of a full range of products to ensure that all the components work together to form a rugged and reliable system to suit the intended application. TriMark's select products assure compatibility - they not only set the standards for excellence, design and value, they are proven in the field time and time again.

010-7300 Rotating Window Handle - Two Position

This new Rotating Window Handle is designed to fit comfortably in the hand for top and side hinged windows for on and off-highway vehicles. It features two position secure latching with a reverse mounted base and an optional glass clamp for a clean and easy installation.

090-7150 Over-Center Window Stay

This new Over-Center Window Stay is designed for top and side hinged venting windows for on and off-highway vehicles. It features an over center design that orientates the window at fully closed and fully open position and an optional quick release pin.
