

# 030-0825 Flush Mounted Paddle Handle With Inside Release

This flush paddle was designed for medium to heavy-duty on-highway vehicle entrance doors and features robust construction and an integrated inside release lever that reduces the need for a separate inside release.

#### **DESIGNED FOR:**

- Off-highway applications--construction, mining, forestry and agricultural
- On-highway--emergency vehicles not requiring FMVSS 206 standards

TriMark

TriMark Corporation

- Mounts in doors requiring latch location remote from activating handle
- Can be used with both cutouts shown in drawing
- Inside release lever eliminates much of the linkage typically required with conventional inside handle
- Operator can exit even if the door is locked from the outside
