540-0125 e-*PAD* Power Keypad

This stand-alone keypad has recently been redesigned for water/dust resistance and solid-state circuit drivers replacing relays, providing cost-effective and simple power door lock/unlock and unlatch control. The keypad provides increased security and convenience to minimize system and installation cost. Demanding users in the travel trailer, tool box, utility truck and low end motorized RV market will appreciate the highend functionality at a value price.
