Edition 24 November 2023

TriMark Europe, United Kingdom - November 2023 — TriMark Europe will be exhibiting at Agritechnica 2023, the world's largest trade fair for agricultural machinery, which takes place on November 12-18 at the Hannover Exhibition Park in Germany. The event is expected to bring together 450,000 visitors from 130 countries and 2,800 exhibitors.

We would like to invite you to [Hall 17 Stand C57](#) to see why TriMark is the leading global door solution provider offering Global **Reach**, Global **Support** and Global **Supply** of access door systems with products that are **Designed** for you, **Built** for you and **Secured** for you.

Upcoming Tradeshow:

November 12-18, 2023
Hanover, Germany

We are excited to show our latest mechatronic Push Button and Pull Handle families offering state sensing, power locking and capacitive sensing with the same mounting and space claim. We will be demonstrating our latest e-ASK PKE system, featuring passive keyless entry, keyless start and immobilization as well as our newest line Powered Products that provide several solutions for hard to close doors due to high door seals, air compression or pre-bowed glass. Also on display are six popular door access systems that range from compartment door products up to full personnel door solutions.

If you would like to see a full demonstration of TriMark products or would like to discuss your specific applications, please contact Richard Footer, European Sales Manager at sales@trimarkeu.com to set-up an appointment or visit TriMark's [exhibitor page](#) and add to 'Favorites.'

Hoping that we will see you there!

David Farrar
Managing Director

More on what you'll see from TriMark

TriMark's Integrated Access Systems

Designing and implementing a full door system solution requires a wide-range of high-quality products working together to form a rugged, reliable system. We have on-display four popular access systems that range from simple compartment solutions up to several full personnel door solutions that set the standard in excellence, design and value in the field.

TriMark's Modular Pull/Push Button Handle Product Families

Introducing TriMark's Modular Family of Pull and Push Button Handles. Providing the same mounting and similar space claims, OEM's can now offer different levels of features within a Pull or Push-Button Product. Ranging from a basic mechanical handle, up to a full e-LOCK Handle with capacitive sense, both families offer good/better/best functionality.

TriMark's Powered Products

TriMark's Powered Products adds further functionality and convenience to your access door and cabs. Several products are available that range from simple power lock actuators to complete powered door and window opening/closing systems.

TriMark's e-ASK Keyless Entry Systems

TriMark's e-ASK keyless entry systems adds further functionality, convenience, productivity and security to your Access Door System. Your choice of several systems and components can provide 'state of the art' automotive style passive keyless entry and keyless push button start or basic lock/unlock. Additional functionality includes the control of compartment.

Our 'state of the art' passive keyless entry, keyless push button start, or our popular, cost-effective integrated keyless entry RF systems add functionality, convenience, and security to your vehicle Access Doors.

Available state sensing latches and your choice of our modular family push button or pull handles offering state sensing, integrated eLock and capacitive sensing with the same mounting and space claim.

Additionally, our newest line of Powered Products provides several solutions for hard to close doors due to high door seals, air compression or pre-bowed glass. Click on the image to be directed to the e-catalog.

About TriMark

TriMark Corporation is an employee-owned company celebrating its 52nd Anniversary with TriMark Europe reaching 26 years in business in 2023. Offering a comprehensive selection of handles, latches, linkages, hinges and complete door access systems including mechatronics for keyless entry and vehicle security, TriMark is a recognized leader in the design and manufacturer of quality hardware products for agricultural, construction, truck, bus, recreational vehicle, power sports, specialty vehicle and armored vehicle markets.

TriMark Corporate headquarters is located in New Hampton, Iowa, USA. TriMark serves the European market through its subsidiary, TriMark Europe, Ltd, based at Bardon Hill, near Coalville, Leicester, UK and the Asia market through TriMark Xuzhou located at Xuzhou, Jiangsu Province, China.
