## Edition 25 December 2023

**TriMark Europe, United Kingdom - December 2023** — Agritechnica has once again impressively demonstrated its outstanding position as the world's leading trade fair for agricultural technologies. With 2,812 exhibitors and 470,000 visitors from 149 countries, the show focused on the challenges of "Green Productivity": increased productivity and protection of the climate, environment and resources worldwide. 2,812 Exhibitors from 52 countries, including the world's leading manufacturers, showed a complete range of tractors, machines, implements, advanced technology and accessories.

TriMark continues to expand product and platform offerings for the world-wide agricultural equipment market. Our customers are demanding innovation and, based on TriMark's continued growth in this market, we are delivering access solutions for the real world.

We invite you to check out our website at [www.trimarkcorp.com](http://www.trimarkcorp.com) to see why TriMark is the leading global door solution provider offering Global **Reach**, Global **Support** and Global **Supply** of access door systems.

We would like to thank all our current customers and new contacts who visited us at Agritechnica and showed interest in our products and our company. The exhibition gave us the opportunity to present the latest in mechanical and mechatronic door and window systems.

Thanks to all that stopped by, it was our privilege to meet you and share the latest Access Hardware products that TriMark has to offer. If you didn't get a chance to attend the show or stop by our booth..... [Sales Literature](#)

# Here's a Summary of What You Missed!

## TriMark's Integrated Access Systems

Designing and implementing a full door system solution requires a wide-range of high-quality products working together to form a rugged, reliable system. We have on-display four popular access systems that range from simple compartment solutions up to several full personnel door solutions that set the standard in excellence, design and value in the field.

## TriMark's Modular Pull/Push Button Handle Product Families

Introducing TriMark's Modular Family of Pull and Push Button Handles. Providing the same mounting and similar space claims, OEM's can now offer different levels of features within a Pull or Push-Button Product. Ranging from a basic mechanical handle, up to a full e-LOCK Handle with capacitive sense, both families offer good/better/best functionality.

## TriMark's Powered Products

TriMark's Powered Products adds further functionality and convenience to your access door and cabs. Several products are available that range from simple power lock actuators to complete powered door and window opening/closing systems.

## TriMark's e-ASK Keyless Entry Systems

TriMark's e-ASK keyless entry systems adds further functionality, convenience, productivity and security to your Access Door System. Your choice of several systems and components can provide 'state of the art' automotive style passive keyless entry and keyless push button start or basic lock/unlock. Additional functionality includes the control of compartment.
