

080-0700
Light Duty
Compression Hook Latch

This cost effective, light duty lever operated compression hook latch provides a secure over-center action to keep panels rattle free and secure. Designed for applications where the latch and keeper are surface mounted on the same plane, folding the handle lever down pulls mating in-line panels tight.

DESIGNED FOR:

- Light-duty off-highway panel and compartments where pull-in function and resistance to vibration loads are desired

FEATURES/BENEFITS:

- Easy to operate (ergonomics), folding the handle lever down pulls mating in-line panels tight
- Adjustable hook (20mm range) can engage around a pin (6mm diameter) or into a hole (17mm diameter minimum) in the cover
- Provision to add a small padlock for added security (5mm diameter shackle)
- Universal design is non-handed

INSTALLATION:

- Installs easily with (2) M5 # 10 mounting fasteners (not included)

MATERIAL:

- Mounting base/lever handle/housing, hook: Mild steel

FINISH:

- Zinc plate and clear chromate conversion coat

Individual part dimensions are for reference only. Refer to individual part drawings for complete dimensions, specifications, and installation procedures. Engineering assistance and application drawings are available.
